IPL 2020: Festive ads could help Star net over ₹2k cr

THE TITLE SPONSOR is Dream11, Amazon, PhonePe and Byju's are the co-presenting sponsors, while Mondelez, ITC Foods, Polycab, Rummy Circle, Kamla Pasand McDowell's and Coca-Cola are among the associate sponsors.

The profile of advertisers is expected to be skewed towards digital and FMCG brands this year. After Dream 11 becoming the title sponsor, Star signed on CRED and Unacademy as official sponsors. As per industry sources, these partnerships have been signed at half the 2019 rate.

The IPL is a premium property that advertisers look forward to leveraging every year.

However, this year the pandemic has turned even the most generous advertisers into conservative spenders. The broadcaster, which is expecting record number of viewers for this edition of the IPL, is said to be steadfastly holding its pricing of about ₹12 lakh for 10 seconds, which is about 10% higher than last year, say industry executives.

Dream11's bid of ₹222 crore for the title sponsorship, which is half of what previous title sponsor Vivo was paying, is influencing other tie-ups. "The halving of the title sponsorship value has added to the lukewarm mood among advertisers and is being quoted in negotiations. The Dream11 deal has become somewhat of a benchmark for other closures. And a barometer directionally," Goyal said.

Smartphone brands and automobile manufacturers are conspicuous in their absence from the list of broadcast sponsors for now. "Large spenders are deciding to remain on the sidelines in 2020 on account of several factors, not limited to the pandemic alone. Star Sports may hit its 2019 revenue figure and with some probability rake in a little more than last year after selling all of its inventory as viewership is expected to be far higher than earlier," Santosh N, managing partner, D and P Advisory LLP and external adviser, Duff & Phelps, said.

Advertisers are working out various strategies to make the most effective use of their media spends this IPL. The quantum of media buy from every advertiser may decrease in terms of frequency and duration of the commercials as the tournament progresses. However, this could change if consumer interest picks up as matches progress.

The ED had earlier said an amount of ₹64 crore, out of the loan amount of Rs 300 crore sanctioned by the committee headed by Chanda Kochhar at Videocon International Electronics Limited, was transferred to Nupower Renewables (NRPL) by Videocon Industries Limited on September 8, 2009, just a day after disbursement of the loan by ICICI Bank. NRPL was earlier known as NuPower Renewables Limited (NRL) and is a company of Deepak Kochhar.

The agency had alleged that the "net revenue of ₹10.65 crore was generated by NRL from these tainted funds". "Therefore, proceeds of crime amounting to ₹74.65 crore were transferred to or to say generated in NRPL," the ED had claimed.

The ED, early this year, also attached assets -- including a Mumbai flat where the couple lived, land, and plant and machinery of a wind farm project based in Tamil Nadu and Maharashtra -- valued at ₹78 crore "in possession of" Chanda Kochhar, Deepak Kochhar and the companies owned and controlled by him.

It had said Chanda Kochhar and her family "acquired" the Mumbai apartment, owned by one of the Videocon Group companies, by way of "acquiring that company through her family trust at a nominal price and by creating boot entries".

The couple has been questioned by the central probe agency multiple times in the past at its offices in Mumbai and Delhi.

The CBI, in its FIR, had named Chanda Kochhar, Deepak Kochhar, Dhoot and his companies -- Videocon International Electronics Ltd (VIEL) and Videocon Industries Limited (VIL).

It also named Supreme Energy, a company founded by Dhoot, and Nupower Renewables, a company controlled by Deepak Kochhar, in its FIR.

The CBI slapped sections of the Indian Penal Code related to criminal conspiracy, cheating and provisions of the Prevention of Corruption Act on all the accused.

The CBI alleged that Dhoot had invested in Deepak Kochhar's company Nupower through his firm Supreme Energy, a quid pro quo to loans cleared by ICICI Bank after Chanda Kochhar took over as the CEO of the bank on May 1, 2009.

The ownership of Nupower and Supreme Energy changed hands through a complex web of shared transactions between Deepak Kochhar and Dhoot, the CBI had alleged.

During its preliminary enquiry, the CBI found that six loans worth Rs 1,875 crore were sanctioned to the Videocon Group and companies associated with it between June, 2009 and October, 2019 in alleged violation of laid-down policies of ICICI Bank.

"Existing outstanding in the accounts of these private group companies were adjusted in Rupee Term Loan of ₹1,730

crore sanctioned by ICICI Bank under refinance of domestic debt under consortium arrangement on April 26, 2012," a CBI spokesperson had said. —PTI

Kamath report: RBI paves way for loan recasts

HOWEVER, WHEREVER THERE is equity infusion, the ratio may be suitably phased-in over the period. All other key ratios shall have to be maintained as per the resolution plan by March 31, 2022 and on an ongoing basis thereafter, RBI said.

The committee sets 180 days to implement the plan and makes an inter-creditor agreement (ICA) mandatory. The tenure of a loan may be extended by a maximum of two years, with or without a moratorium, the panel has said. The resolution process shall be treated as invoked once lenders representing 75% by value and 60% by number agree to invoke the same.

The central bank said the resolution plans "shall take into account the pre-Covid-19 operating and financial performance of the borrower and impact of Covid-19 on its operating and financial performance" to assess cash flows for FY21/FY22 and subsequent years, suggesting some degree of flexibility.

"In these financial projections, the threshold TOL/adjusted TNW and debt/Ebitda ratios should be met by FY23. The other three threshold ratios should be met for each year of the projections starting from FY22," the report said, adding that the base case financial projections need to be prepared as part of the plan.

The sector-specific parameters may be considered as guidance for preparation of resolution plan. Also, lenders may adopt a graded approach classifying the impact on borrowers as mild, moderate and severe. "Considering the large volume and the fact that only standard assets are eligible under the proposed scheme, a segmented approach of bucketing these accounts under mild, moderate and severe stress, may ensure quick turnaround," the report said. Severe stress cases would require comprehensive restructuring. Exceptions to thresholds were made for five sectors -- auto manufacturing, aviation, real estate, roads and trading -- wholesale. Any default by the borrower with any of the signatories to the ICA during the monitoring period shall trigger a review period of 30 days.

If the borrower is in default with any of the signatories to the ICA at the end of the review period, the asset classification of the borrower with all lending institutions, including those who did not sign the ICA, shall be downgraded to non-performing asset (NPA) from the date of implementation of the plan or the date from which the borrower had been classified as NPA before implementation of the plan, whichever is earlier.

UNPRECEDENTED STIMULUS STEPS from the government have reduced average borrowing costs in the local credit market to the cheapest in more than a decade.

The measures have also given investors confidence that the country's lenders will be able to beef up capital ratios in anticipation of more soured loans as the coronavirus batters businesses and leaves millions jobless. Lenders still face serious challenges.

They were already saddled with the world's worst bad debt pile, and the pandemic is threatening to worsen creditworthiness at many borrowers. That environment makes the risks of AT1s more real. Government authorities moved in March to seize beleaguered Yes Bank and announced an unprecedented move to permanently write down its AT1 securities.

While State Bank of India has AAA credit scores from local credit companies, its AT1 offering is rated AA+ and can be called back by the lender after five years or any year thereafter. The issuance is solely being managed by SBI Capital Markets, the person said, asking not to be identified as the details are private. —BLOOMBERG

Rupee slips 21 paise to end at 73.35

PRESS TRUST OF INDIA Mumbai, September 7

THE RUPEE SLID 21 paise to settle at 73.35 against the US dollar on Monday, tracking subdued equities and stronger greenback against its key rival currencies.

At the interbank forex market, the rupee opened at 73.17 and lost further ground as the trade progressed. During the session, it witnessed an intra-day high of 73.03 and a low of 73.44 against the greenback. It finally closed at 73.35, down 21 paise over its previous close.

Banks sanction ₹1.61L-cr loans to MSMEs under credit scheme

PRESS TRUST OF INDIA New Delhi, September 7

THE FINANCE MINISTRY on Monday said banks have sanctioned loans of around ₹1,61,017 crore under the ₹3 lakh-crore Emergency Credit Line Guarantee Scheme (ECLGS) for the MSME sector reeling under the slowdown caused by Covid. However, disbursements against this stood at ₹1,13,713 lakh crore till September 3.

The scheme is the biggest fiscal component of the ₹20-lakh crore Aatmanirbhar Bharat Abhiyan package announced by finance minister Nirmala Sitharaman in May to mitigate the distress caused by lockdown by providing credit to different sectors, especially micro, small and medium enterprises (MSMEs).

The latest numbers on the ECLGS, as released by the finance ministry, comprise disbursements by all 12 public sector banks (PSBs), 24 private sector banks and 31 non-banking financial companies (NBFCs).

5.The Name of the Eligible Bidders will be identified by the Liquidator to participate in e-auction on the portal (https://aaa.auctiontiger.net). The e-auction service provider (Auction Tiger) will provide User ID and password by email to eligible bidders.

6.The bidding will start from a floor price which is not a reserve price, and where a bid is placed in the last 5 minutes of the closing time of the e-auction, the closing time will automatically get extended for 5 minutes with unlimited extension. The bidder who submits the highest bid amount on closure of e-auction process shall be declared as the Successful Bidder and a communication to that effect will be issued through electronic mode which shall be subject to approval by the Liquidator. The highest bid does not entitle the bidder to claim as a successful bidder. The liquidator decision in this case would be final.
